

## CALL FOR PAPERS

### HERITAGE 2012 3<sup>rd</sup> International Conference on Heritage and Sustainable Development

June 19-22, 2012 \* Porto \* Portugal

Organised by: Green Lines Institute for Sustainable Development

Porto, Portugal

#### Conference Overview

Heritage 2012, 3rd International Conference on Heritage and Sustainable Development follows the path of the previous editions: it aims at establishing a state of the art event regarding the relationships between forms and kinds of heritage and the framework of sustainable development concepts.

Environment, economics, society and culture, the four dimensions of sustainable development, are brought here to define a singular approach on how to deal and go beyond the traditional aspects of heritage preservation and safeguarding. On our today's world, heritage is no longer just a memory or a cultural reference, or even a place or an object. Heritage is moving towards broader and wider scenarios, where it becomes often the driven forces for commerce, business, leisure and politics.
